Meet the Artists

This year's tour features a variety of artists using cameras, canvases and clay to create exceptional art. Learn how they find inspiration and express themselves through art during our in-depth tour.

Jim Chamberlain
 Naples resident Chamberlain followed his 30 years in commercial photography by touring Europe photographing and selling his fine art landscape photography. Chamberlain was one of the first photographers in the US to work with the digital printing process.

Gail Geary
 After beginning her ceramic odyssey with the art of Raku, Geary now focuses on stoneware, which allows for cutting, slicing and folding to create more sculptural shapes. The marriage of ceramic art, design and graphic presentation represents Geary's expanding palette.

Betsy Ross Koller
 Koller began painting in the early 1980s by studying Swiss naïve art. Her flower and Alpine motifs soon helped launch a series of successful exhibits in Europe and the US. Her works are now featured in museums, galleries and private collections worldwide.

Suzanne French Luker
 Although Luker's painting style is Impressionism, she also explores an expressionistic style involving a freer use of brush. She received an Award of Excellence for one of her paintings in the 42nd Founders Juried Exhibition at the Von Liebig Art Center.

Ada Madison
 Madison is known for her playful, bold and vibrant use of color. With beautifully designed, hand-painted leather furniture and torched crystal resin table tops, her work is described as "functional art." Madison's work reflects her joyous spirit.

Linda Osika*
 Osika has become so skilled with jewelry that she can help you re-design a family piece into any style. She travels all over the world in search of unique, high-value items for resale, including clothing, home accessories, leather accessories and more.

Reisha Perlmutter
 Naples native Perlmutter's most recent body of work speaks to the most fundamental relationships that humans have to the natural world. She hopes that her new paintings will facilitate the reconnecting to what she calls the "origin."

Proceeds benefit Artis—Naples, The Baker Museum and its youth education programs.
